

# Eryji's Action

## GAME MANUAL

### DISCLAIMER

Xtal Sword and Nyu Media Ltd assume no responsibility for any damage, injury, malfunction, rage or mental trauma caused by playing this game.

**YOU HAVE BEEN WARNED.**

### Story

One fine day. Eryji went to eat the melon that she had been **SO** looking forward to... but it was nowhere to be found! Then she noticed a note on the table. She picked it up and read: "Your melon looked delicious. so I took it. From Farta X".

Fuming with rage. Eryji set out from her house to get her melon back from Farta...

### How to Play

#### Objective

Simple: clear the stages by safely reaching the goal flag. How hard could it be. right!?

## Controls (Keyboard)

Action	Key
Move	Cursor keys
Accept / Dash	Z
Cancel / Jump	X
Pick up	C or Down Key
Reset to Title Menu	ESC

Controllers can be used too in case you feel like smashing something else.

## Saving Progress

Eryi's Action uses an autosave feature. The game will save when Eryi is defeated or when you return to the title screen.

## Hints & Tips

Eryi can't pick up dangerous items or enemies that are bigger than her. Jumping on them won't work either.

If you have trouble figuring out how to pass a goal point, the solution will likely be at some point after the checkpoint where Eryi respawns. You may be overlooking something between the checkpoint and the goal...

If the game seems slow, go to **Title > Options > Draw Rate** and reduce the draw rate there. Reducing the Number of Colors to 16 bit may also increase the game speed. (Changes to the Number of Colors will be reflected when the game is restarted.)

## General System and Player Specifications

- 1) A PC that can do Internet.
- 2) Money, because if you are reading this and didn't pay for the full game, we'll send Farta the Troll at you. Yes, you!
- 3) Patience. Iron will. Be prepared to die and NEVER give up!
- 4) OS: Windows 2000/XP/Vista/7.
- 5) Memory: 512MB of RAM or better and about 160mb of free HDD space.
- 6) Microsoft DirectX9 or later and Microsoft .NET Framework 2.0
- 7) CPU: 1 ghz or better.
- 8) Graphics: something that can handle graphics. A monitor helps.
- 9) A keyboard or a controller. So you have something to throw.

## Secret

If you collect all the gems scattered in the game, a secret prize will unlock! You will love it!

## Staff Roll

**Planning. Programming: Tiku**
